

[illegible][illegible][illegible]

Fig. 10 is a perspective view of the final refract blocks assembly. The assembly consists of a central refract block (516) with a flange (518) and a central opening. This block is surrounded by a ring of refract blocks (517) which are secured by a rope gasket (525) and a flange (524). The entire assembly is mounted on a base (526).
